

The logo for ECOLINK, featuring the word "ECOLINK" in a bold, sans-serif font. The "E", "C", "O", and "L" are green, while the "I", "N", and "K" are purple. A small white lightbulb icon is positioned below the letter "K".

ECOLINK

A nighttime photograph of a cable-stayed bridge. The bridge's cables are illuminated with bright blue light, and the bridge deck is lit with red. The lights are reflected in the water below, creating a shimmering effect. The sky is dark blue.

Illuminating Malaysia

EcoLink was created with a vision to illuminate spaces through technologically advanced and competitively priced lighting fixtures.

Made specifically for Malaysia homes, EcoLink Lamps and Luminaires are designed to withstand drastic voltage fluctuations

with the revolutionary VoltSafe Technology. The products are long-lasting, durable, easily available at pocket-friendly prices and are efficient.

When you choose EcoLink, you don't just choose a lighting product, you get quality with affordable price from trusted lighting company.

Cost-efficient and reliable lamps & luminaires.

EcoLink's wide range of luminaires come with the revolutionary VoltSafe Technology which ensures surge protection of 2.5kV with a wide voltage protection ranging up to 160 - 360V*

*Actual may vary depending on the product portfolio

2 Years Warranty

Durable and efficient, the fixtures come with up to 2-years warranty.

SIRIM Certification

All our products performance & safety are according to SIRIM compliance.

Product usage up to 12,000 hours.

Up to 90% energy saving with EcoLink products.

LED Stick & Candle

Wattage Available:

Colours Available:

3000K | 6500K

Product Benefits

- Form factor is designed as a direct retrofit into A60, A67, A80 and A110 fixtures
- Over 88% energy-saving compared with GLS
- Long lifetime of 12,000 hours.
Over 10 years (if lit 3 hours per day across 365 days)
- Voltsafe technology
- Environmental friendly, no Mercury or any other hazardous substances
- Low Carbon Footprint

Applications

- Home
- Offices
- Corridors

LED Downlights

Wattage Available:

Colours Available:

3000K | 4000K | 6500K

Product Benefits

- Uniform brightness
- Best value for value
- 3 cutout sizes for different applications
- Easy to fit various installations
- To replace conventional downlights perfectly
- Long lifetime of 12,000 hours. Over 10 years (if lit 3 hours per day across 365 days)
- Voltsafe technology

Applications

- Kitchen
- Offices
- Bedrooms
- Living Hall

LED Spots

Wattage Available:

4.5W 4.7W

Colours Available:

2700K | 3000K | 6500K

Product Benefits

- Energy efficient
- Easy retrofit
- Achieve more natural color realization for cozy ambience and better merchandise display with high CRI value
- Clearly defined beam spread for accent lighting
- Hassle free retrofit solution
- Long lifetime of 12,000 hours to reduce needs of replacement
- UV- and IR-free light for less heat and protection for heat-sensitive objects
- Safety socket provided for MR16

Applications

- Staircase
- Tracks
- Room
- Living Hall

Lifetime	12000	12000

LED Tube

Wattage Available:

Colours Available:
4000K | 6500K

Product Benefits

- Energy saving
- Longer lifetime
- Instant on, no flicker or buzz
- Advanced optical design ensures a uniform light output and superior optical efficiency
- 100% comply with IEC requirement on T8 dimension, fitting into fluorescent luminaire perfectly
- Adhere to Sirim guidelines on safety of LED tube, Single ended connection for safe installation.

Applications

- Kitchen
- Walkway
- Room
- Offices
- Car park
- Industries

Watt	8	16
